COLLECTION PREVIEW

A story of geometry and interweaving

Intrecci collection celebrates the beauty of human connection and the simplicity of everyday life. Dedicated to fabrics for mattress panels, borders, bed bases, and furnishing applications, the collection brings the excellence of Made in Italy to simple designs, adaptable to a wide range of projects.

Intrecci creates harmonious surfaces where order and abstraction coexist naturally. Each fabric is designed to evoke balance, warmth, and authenticity in living spaces. Comfort and design blend in timeless simplicity.

Harmony is the key word in this collection: a stylistic journey that explores the language of geometry, from rigorous lines to soft, enveloping curves, through complex interweavings of shapes and refined nuanced effects.

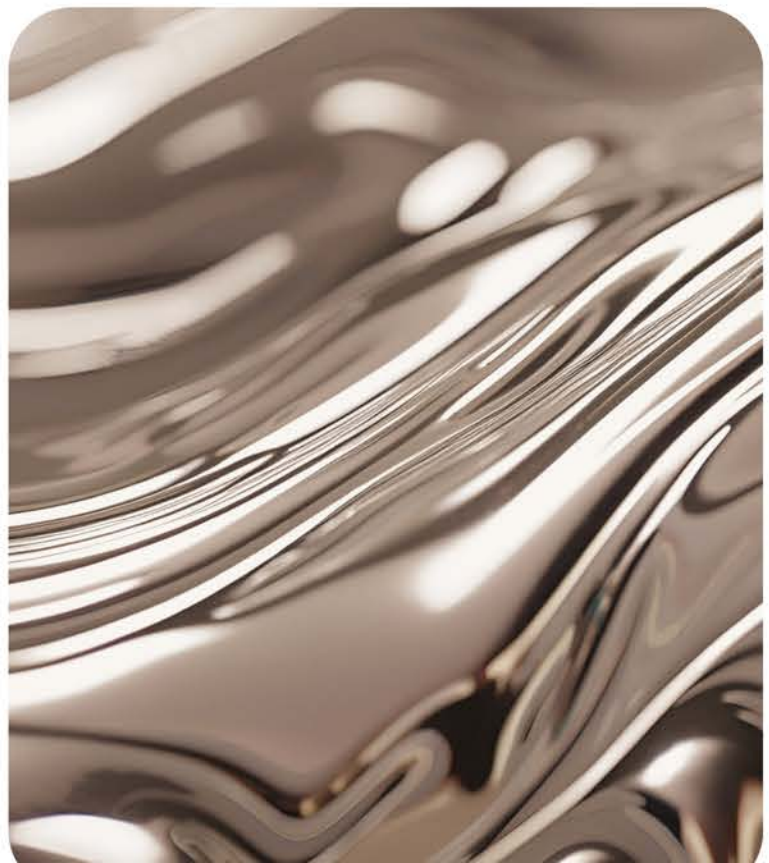

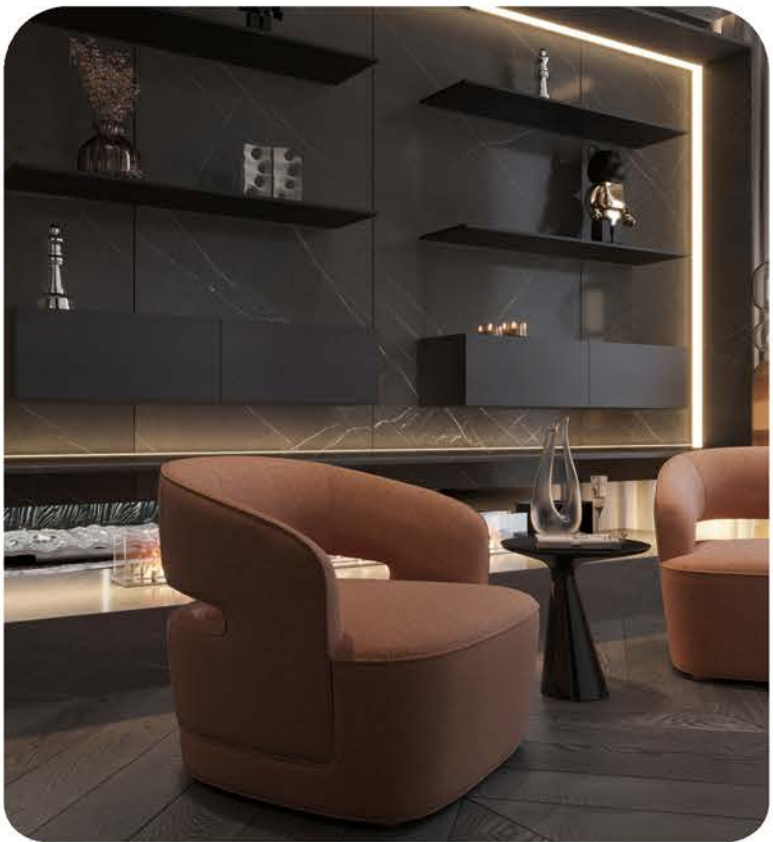

The collection offers numerous **coordinated combinations** of panels, borders and bedbases, designed to easily adapt to any project: simpler choice and significant time savings.

The palette of whites is complemented by neutral and contemporary shades, such as grays, beiges, browns, and delicate blues. The **jacquard** fabrics in viscose and viscose-linen blends express a refined and timeless elegance. The **knitted** fabrics, meanwhile, are characterized by three-dimensional reliefs and sculptural details. It invite contact and enhance the sensorial dimension of the product.

Alongside mattress fabrics, the collection is completed with a selection of **bouclé fabrics** dedicated to **bed bases**. The combination of different materials and textures allows for the creation of an exclusive total look, in which the dialogue between surfaces and material contrasts gives life to a sophisticated yet balanced aesthetic, perfectly in line with a new idea of informal and contemporary comfort.
