ANTEPRIMA COLLEZIONE

Una storia di geometrie e intrecci

Intrecci è una collezione che celebra la bellezza del legame umano e la semplicità della vita quotidiana. Dedicata a tessuti per pannelli per materassi, fasce, basi letto e applicazioni d'arredo, la collezione porta l'eccellenza del Made in Italy in disegni semplici e adattabili a molteplici progetti.

Intrecci crea superfici armoniose dove ordine e astrazione coesistono in modo naturale. Ogni tessuto è pensato per evocare equilibrio, calore e autenticità agli spazi abitativi. Comfort e design si fondono in una semplicità senza tempo.

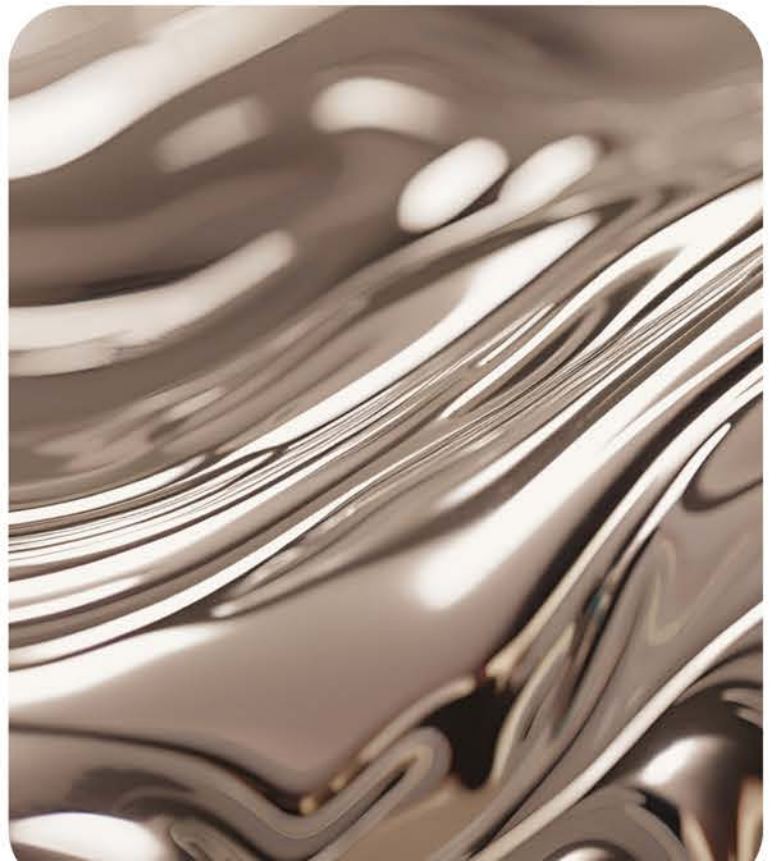

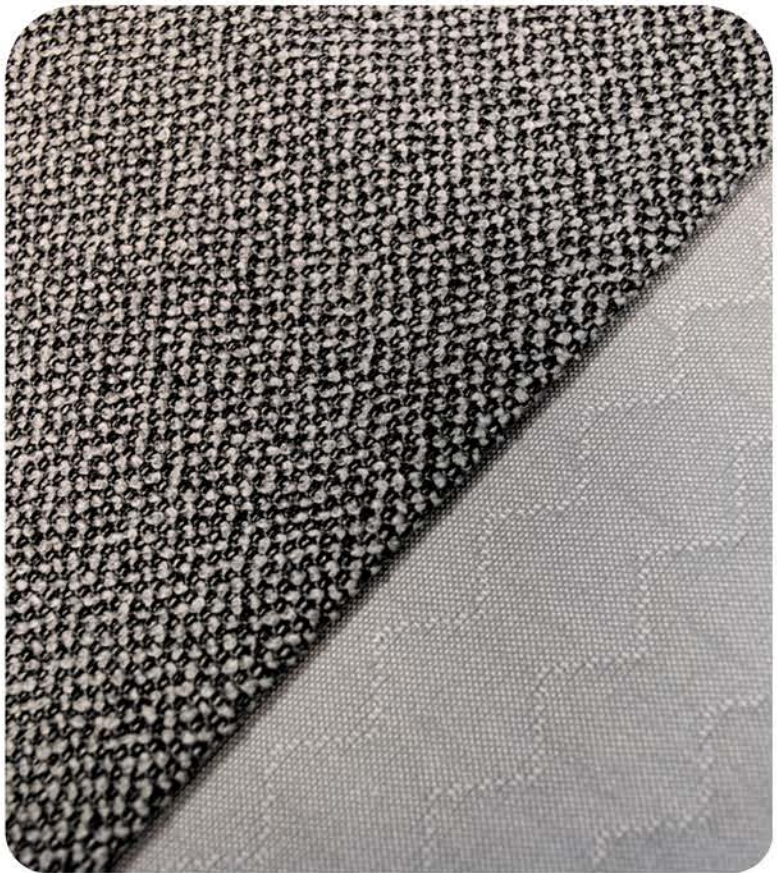

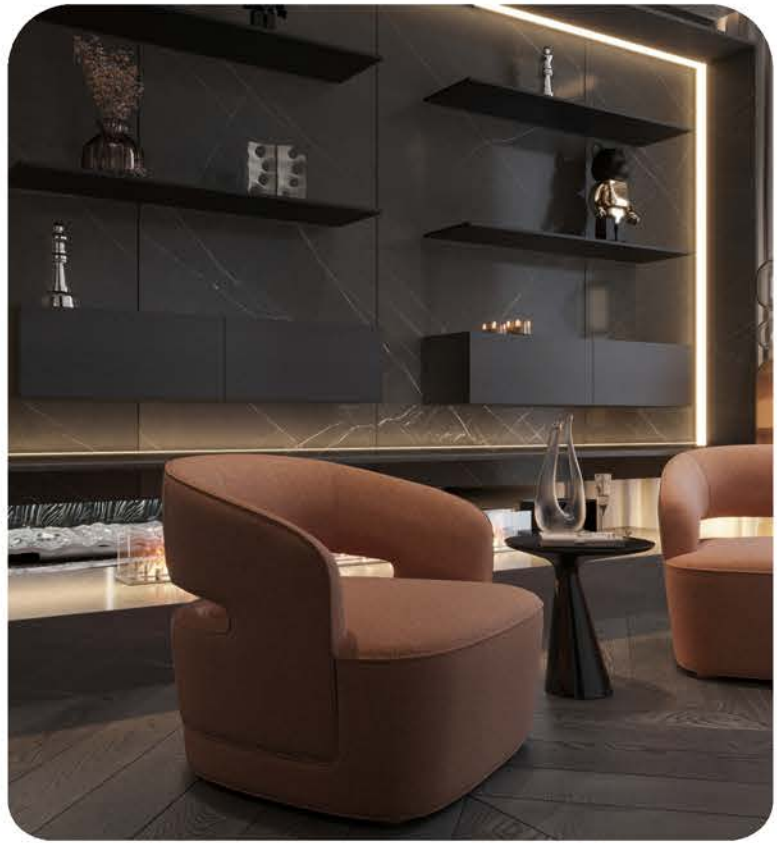

Armonia è la parola chiave di questa collezione: un percorso stilistico che esplora il linguaggio delle geometrie, dalle linee più rigorose alle curve morbide e avvolgenti, attraverso intrecci complessi di forme e raffinati patterns astratti.

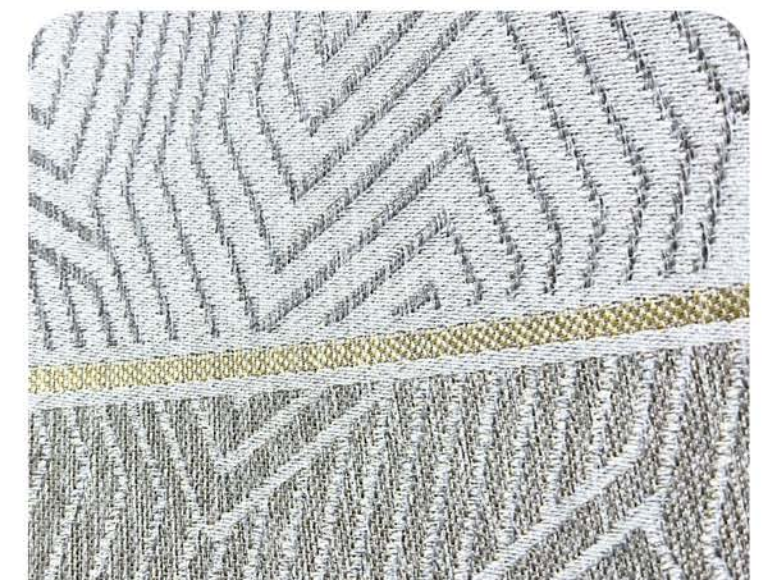

La collezione propone numerose **combinazioni coordinate** tra pannelli e fasce, pensate per adattarsi con facilità a qualsiasi progetto: più semplicità nella scelta, maggiore chiarezza negli abbinamenti e un significativo risparmio di tempo.

Alla **palette** dei bianchi si affiancano tonalità neutre e contemporanee, come grigi, beige, marroni e delicati azzurri. I tessuti **a maglia**, caratterizzati da rilievi tridimensionali e dettagli scultorei, invitano al contatto e valorizzano la dimensione sensoriale del prodotto. I tessuti **jacquard** in viscosa e misto viscosa-lino, invece, esprimono un'eleganza ricercata e senza tempo.

Accanto ai tessuti per materassi, la collezione si completa con una selezione di **tessuti bouclé** dedicati ai sommersi. L'abbinamento di materiali e texture differenti permette di creare un total look esclusivo, in cui il dialogo tra superfici e contrasti materici dà vita a un'estetica sofisticata ma equilibrata, perfettamente in linea con una nuova idea di comfort informale e contemporaneo.
